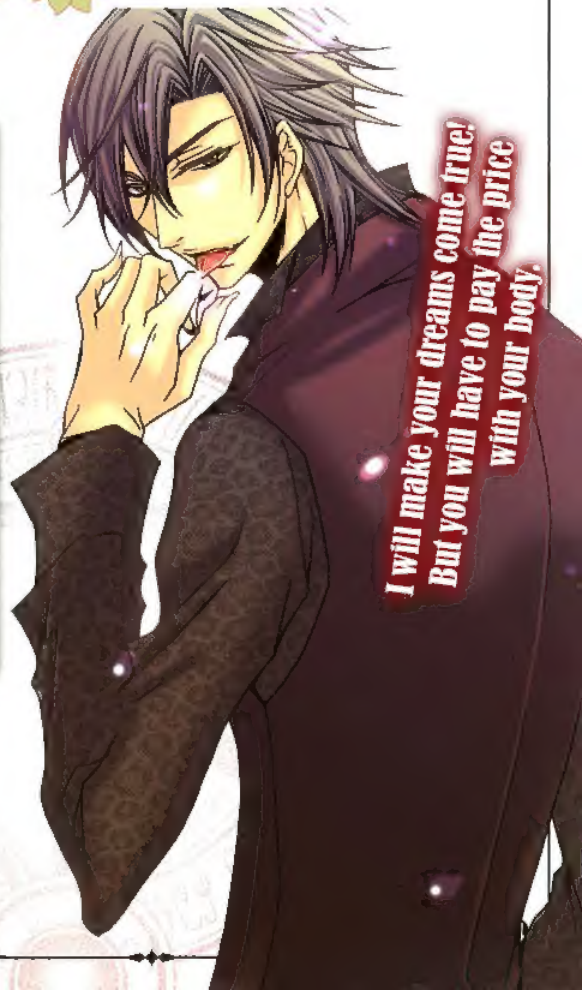
Having a body that sends out pheromones, that makes people abnormally fascinated with him, one day he accidentally summoned a man who calls himself 'Jin' and is, supposedly a devil. 'I will help you make your every dream come true'. Listening to Jin's seductive whispers he can't help but ask him to cure his problematic body. But, unexpectedly, this is the start of an obscene contract...? The price to pay for this contract is to have 24 french kisses or have sex with the devil everyday?! This is the love story of a seductive devil and a pretty uke!



I will make your dreams come true!
But you will have to pay the price with your body.
